

Parkinson's UK PAW Survey February 2016

METHODOLOGY NOTE

ComRes interviewed 1868 people with Parkinson's between 14th January and 11th February 2016. ComRes is a member of the British Polling Council and abides by its rules. All press releases or other publications must be checked with ComRes before use. ComRes requires 48 hours to check a press release unless otherwise agreed.

To commission a voting intention poll or a public opinion survey please contact Katharine Peacock:

Parkinson's UK PAW Survey 2016

Q1. Which of the following best describes you?	1
Base: All respondents	
Q2. For how long have you been diagnosed with Parkinson's?	4
Base: All respondents	
Q3. Below are a few phrases some people might use to describe how they felt after receiving a Parkinson's diagnosis. Thinking about the first year following your diagnosis, which of these phrases, if any, express how you felt?	7
Base: All diagnosed with Parkinson's for a year or more	
Q4. Did you share any of your negative feelings with anyone?	10
Base: All who experienced negative feelings	
Q5. Have you ever felt the need to hide your Parkinson's symptoms or felt you have had to lie about having Parkinson's?	13
Base: All respondents	
Q6. Which of the reasons below, if any, explain why you felt the need to hide your Parkinson's symptoms?	16
Base: All who felt the need to hide Parkinson's symptoms	
Q7. Did you delay telling any of the following groups about your Parkinson's diagnosis?	22
Base: All respondents	
Q8. Which of the reasons below, if any, explain why you delayed telling family or friends?	25
Base: All who delayed telling any family or friends	
Q9. Which of the reasons below, if any, explain why you delayed telling work colleagues?	29
Base: All who delayed telling work colleagues	
Q10. Have you ever regretted delaying telling those you know about your Parkinson's diagnosis?	33
Base: All who delayed telling any groups	
Q10. Have you ever regretted delaying telling those you know about your Parkinson's diagnosis?	36
Base: All who delayed telling any groups	
Q11_SUM. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? SUMMARY TABLE	37
Base: All who have told at least one group about diagnosis	
Q11_1. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Immediate family	38
Base: All who have told at least one group about diagnosis	
Q11_2. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Extended family	44
Base: All who have told at least one group about diagnosis	
Q11_3. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Friends	50
Base: All who have told at least one group about diagnosis	
Q11_4. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Work colleagues	55
Base: All who have told at least one group about diagnosis	
Q11_SUM. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? SUMMARY TABLE	61
Base: All who have told at least one group about diagnosis - Excluding N/A	
Q11_1. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Immediate family	62
Base: All who have told at least one group about diagnosis - Excluding N/A	
Q11_2. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Extended family	66
Base: All who have told at least one group about diagnosis - Excluding N/A	
Q11_3. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Friends	70
Base: All who have told at least one group about diagnosis - Excluding N/A	
Q11_4. When, if at all, did you tell each of the following groups of people about your Parkinson's diagnosis? Work colleagues	74
Base: All who have told at least one group about diagnosis - Excluding N/A	
Q12. If you waited three or more years to tell friends and family about your diagnosis, how did this make you feel?	78
Base: All who selected they waited at least 3 years to tell family and friends	
Q13_SUM. Which of the statements below, if any, describe how you felt when you told others about your Parkinson's diagnosis? SUMMARY TABLE	81

Parkinson's UK PAW Survey 2016

Base: All who selected they had told each of the following groups

Q13_1. Which of the statements below, if any, describe how you felt when you told others about your Parkinson's diagnosis? Immediate family 82

Base: All who selected they had told each of the following groups

Q13_2. Which of the statements below, if any, describe how you felt when you told others about your Parkinson's diagnosis? Extended family 85

Base: All who selected they had told each of the following groups

Q13_3. Which of the statements below, if any, describe how you felt when you told others about your Parkinson's diagnosis? Friends 88

Base: All who selected they had told each of the following groups

Q13_4. Which of the statements below, if any, describe how you felt when you told others about your Parkinson's diagnosis? Work colleagues 91

Base: All who selected they had told each of the following groups

Q14. To what extent, if at all, would you agree or disagree that the phrase 'coming out' describes how you felt when telling people you had Parkinson's for the first time? 94

Base: All who selected they had told each of the following groups
