METHODOLOGY

ComRes interviewed 2,038 GB adults online between 15th and 16th July 2019. Data were weighted to be demographically representative of all GB adults by age, gender, region and social grade. Voting intention questions were also weighted by past vote recall and likelihood to vote. All other questions were also weighted by past vote in 2016 EU Referendum. ComRes is a member of the British Polling Council and abides by its rules.

Summary table

		I do not believe Boris Johnson will be able to deliver Brexit by the 31st of October	The best chance the Conservative party has of delivering Brexit is by agreeing a deal with the Brexit Party before holding a General Election	Boris Johnson would promise anything to be Prime Minister, even if he knew it was undeliverable	If the UK does not leave the EU by the 31st of October, Eurosceptic Conservative MPs should defect to the Brexit Party	The Conservative Party must take the UK out of the EU 'do or die' by the 31st of October	Nigel Farage would be more likely to secure the UK's exit from the EU than Boris Johnson	Jeremy Hunt is more likely to secure the UK's exit from the EU than Boris Johnson
