METHODOLOGY

ComRes surveyed 2,018 British adults on 9th – 10th October 2019. Data were weighted to be demographically representative of all GB adults. All questions were also weighted by 2017 past vote recall and EU Referendum past vote. Voting Intention is also weighted by likelihood to vote. ComRes is a member of the British Polling Council and abides by its rules.

	I would be prepared to accept a short-term economic hit as a price for having a No Deal Brexit	A No Deal Brexit would be totally unacceptable to me	Boris Johnson's deal seems a reasonable compromise and the EU should accept it	The UK should hold a re-run of the 2016 Referendum on whether to stay in or leave the EU	I would prefer a No Deal Brexit on 31st October 2019 than an extension to January 2020	I would prefer an extension to January 2020 than a No Deal Brexit on 31st October 2019	Opposition MPs were right to try to stop Boris Johnson from calling a General Election	Once Brexit is over, the UK needs a major constitutional overhaul	If the EU rejects Boris Johnson's proposed Brexit deal, the UK should leave on 31st October without a deal
