*Methodology: Savanta ComRes interviewed 2,041 British adults online from the 2<sup>nd</sup> to 3<sup>rd</sup> December 2019. Data were weighted to be demographically representative of all GB adults. All questions were also weighted by 2017 past vote recall and EU Referendum past vote. Voting Intention is also weighted by likelihood to vote. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at [www.comresglobal.com](http://www.comresglobal.com)*

All polls are subject to a wide range of potential sources of error. On the basis of the historical record of the polls at recent general elections, there is a 9 in 10 chance that the true value of a party's support lies within 4 points of the estimates provided by this poll, and a 2 in 3 chance that they lie within 2 points.

To commission a Voting Intention poll or a public opinion survey please contact Olly Wright, Managing Director:

**Base: All respondents (excl. already voted by post)**

**Summary table**

	I may well change my mind about how I'll vote between now and polling day on 12th December	An independent commission should be set up to force parties and leaders to take part in TV debates at every election	Boris Johnson is too close to Donald Trump	I would support another General Election in 2020 if the one next week produces a hung parliament	The leaders' debates have influenced my decision about who to vote for	There have been too many televised leaders' debates during this election campaign	The election has interrupted my preparations for Christmas	I have changed my mind about who I'd vote for during the election campaign
